CHILDREN AND YOUNG PEOPLE PRIORITY AREAS:

# Community Spaces

Develop community spaces where children and young people can feel safe and have fun.

We will work with relevant partnerships to improve access and availability of community spaces for children and young people across the region.

Through this work, we hope to:

- Improve availability and access to key information so young people are aware of the services available to them
- Improve public transport arrangements
- Co-design and deliver a community safe space scheme for young people

"The way I get treated in the community makes me feel less than a human."

"I was locked down in covid and I still haven't come out."

## WHAT IS IMPORTANT TO CHILDREN AND YOUNG PEOPLE?

Children and young people would like more opportunities to take part in activities, and go to safe and inclusive places where they can meet friends and enjoy their hobbies.

They'd like to have access to good information where they can see what is going on in their communities, and get there safely via public transport networks.

## WHAT WE WILL DO TOGETHER:

- Work with relevant partnerships.

## WHAT DIFFERENCE WILL THIS MAKE?

- Increase access and availability across the region, so young people can travel and feel safe.

## “ PEOPLE SAID

Sometimes school is a safe space and sometimes it's not which can be isolating and fuel my fear of going out."
