LEARNING DISABILITIES PRIORITY AREAS:

Transport

Better transport options for people with learning disabilities.

Suitable and appropriate transport infrastructure that will enable access to a range of services, including social and employment opportunities.

WHAT IS IMPORTANT TO PEOPLE WITH LEARNING DISABILITIES?

People with learning disabilities want to access better transport systems so they can travel to places outside their local community and access the things they want to do, including going to gigs and sports matches.

WHAT WE WILL DO TOGETHER:

- Work with partners to increase opportunities for travel training and/or supported travel to allow.
- Increase local cultural and social events for people with learning disabilities.

WHAT DIFFERENCE WILL THIS MAKE?

- More people with a learning disability will be able to travel safely across the region.
- People with a learning disability will be more confident to travel.
- More opportunities for people with a learning disability to engage in community activities.

“ PEOPLE SAID

I don't always know what is going on in my community and I don't know how to find out about what is going on either."
