Do It For Love lyrics

Verse 1
I used to think my destiny was never to fit in
Cause I've never been afraid to be different
Built my walls so thick, the chance of getting out was slim
Couldn't even see my future was missing

Pre-chorus
Now I know,
Now I know

Chorus
Demons prey on the hurt
So, I make myself tough
You could try to shoot me down
But I'll just rise above
Empathy makes me strong
'Cause my heart is enough
I don't care what you think
'Cause I do it, I do it, do it for love

Verse 2
Sick of darkness, hoping for a friend to break me out
Help me see my life in a new perspective
Holding up a mirror high whenever I'm in doubt
Help me see the truth in my own reflection

Pre-chorus

Chorus

Bridge x2
We'll be ourselves, we'll live our lives
We'll be in a band
We'll run, we'll ride, we'll travel far
Together we will stand

Chorus
