

## Home is Where the Heart Is

Verse:

We're all from different places,  
But we all want the same.  
Living independently,  
That's really our aim.

We need the right support  
We all need different things.  
A range of fun activities,  
The opportunities they bring.

Pre-chorus:

It's about community  
It's about you and me

Chorus:

Home is where the heart is,  
Shelter from the storm.  
Home is where the heart is,  
Keep me safe and warm.

Verse:

We need some space to breathe,  
Don't want so many rules.  
Relationships should give,  
The freedom to be you.

All our dreams are different,  
We want the power to choose.

Building our connections,  
We've got nothing, nothing to lose.

Pre-chorus

Chorus

Bridge x2

Hear our voices

Stronger together

Respect our choices

New and forever

Chorus x2

Keep me safe and warm
